HR preview guide

A few short steps to review the live app.

LIVE APP

hbplus-auth.vercel.app

01

Sign in

Use a verified Google account ending in @hbplus.fit. Other email domains are restricted.

02

User access

The first eligible sign-in creates a User profile and opens the dashboard.

03

Admin access

Ask the project owner to open Firestore > users, find your profile, and change role from user to admin. The app updates automatically.

Access note

Without a verified @hbplus.fit account, dashboard access is unavailable.
